WELCOME TO BRICKIE BOWL . .

The Hobart Football Booster Club wishes to thank the businesses and individuals, who advertise in our 1982 Football Program, for their support. Without their contributions it would not be possible to provide our fans with this fine program. Please patronize these businesses and tell them you saw their ad and appreciate their support.

A big thank you goes to the Program Committee for donating the time and effort that is necessary to produce this interesting and informative program.

Special thanks go to our Brickie Cheerleaders for their super help selling bumper stickers.

Please join us at our meetings and help us pass on our "Brickie Pride."

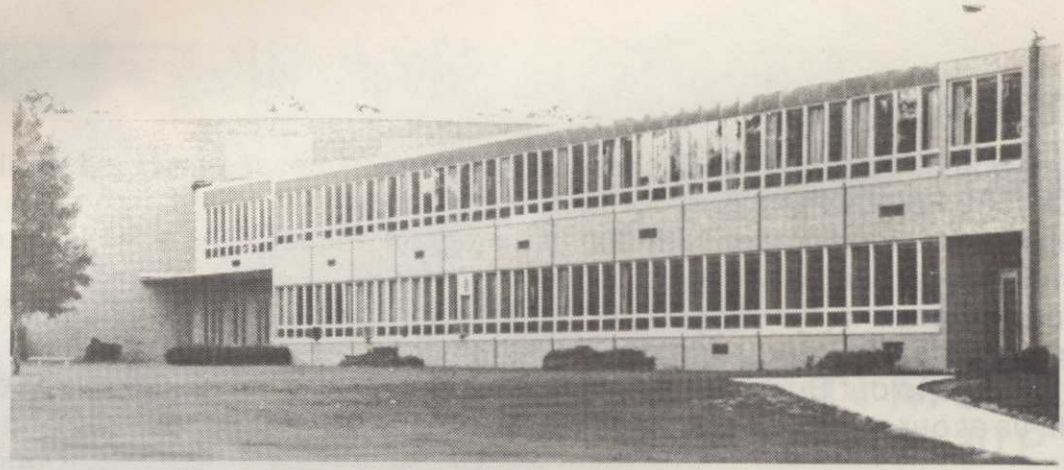
BRICKIE PRIDE



HOBART HIGH SCHOOL

DUNELAND CONFERENCE CODE

"The schools in the Duneland Conference are concerned about the increased consumption of alcoholic beverages by adults at high school sports events. The public schools, over many years, have taken the position that alcohol and high school sports are not compatible. They believe that alcohol should not be openly consumed in public; but, in particular, they believe that it should not be consumed at sports events, or any other school function."

"The Duneland Athletic Conference has taken a strong stand in this belief and will enforce this philosophy to the extent of the law."

"The possession of alcoholic beverages, or consumption thereof, by any person on school property will result in that person's being asked to leave school grounds or in his or her ejection by the police. Refusal to comply will give cause for arrest."

"Your cooperation in this regard will be highly appreciated by the staff and the overwhelmingly majority of the fans."

THANKS, FANS!

YOU MAKE BRICKIE FOOTBALL GREAT!

FOOTBALL HEART

We sat in the Coach's office,
Practice done for the day,
Relaxing and talking football,
In a casual relaxing way.

"Coach," I said, "just suppose now,
By the wave of some magic rod,
You could pick any boys in the nation
To make up your football squad.

What's the first thing you'd look for?
(If any comes first indeed.)
Would it be intelligence, or guts,
Or strength, or speed?"

The Coach looked up at the ceiling
And thought for a moment or more
Then said, "of those qualifications
I would look for all four.

But if you ask me to rate them
And say which one I think prior,
My answer is NONE, for the very first one,
Is a quality called DESIRE.

Let's take them up as you name them
First, BRAINS, by my rule of thumb,
They don't have to be on the Dean's List
But, of course, I don't want them dumb.

GUTS, the indefinite something,
Born of a sportswriter phrase,
Well, all of us have some of it,
The amount is hard to appraise.

But have they got guts for football?
Is the question before the house,
For a man might have guts for murder,
Yet cringe at killing a mouse.

SIZE and strength are important,
And should be assessed to the full,
But they don't have to be giant size,
Or have the strength of a bull.

SPEED, if they're shifty, is something
To make almost any Coach smile.
But you cannot defend against a hard charging end,
By running a four-minute mile.

So let us get back to your question.
Just what do I look for to start?
Well, first in my book of requirements is
A lad with a 'Football Heart'.

He scrimmages day after day
For no reason at all
That I can recall,
Except that he likes to PLAY.

It may be the first or the scrub team,
He's not there seeking fame.
He likes the rough body contact
And football is his game.

Not like so many bruisers,
Who are big and fast, that's true,
But just comes out for football
Because it's the thing to do.

Their play is lack-a-daisical,
No savagery is found.
They even go out of their way
To help opponents from the ground.

So, if there is one quality
That I would rate as prior,
It is that thing called 'Football Heart'.
The quality named DESIRE."

HOBART BRICKIES FIGHT SONG

Oh, our boys will shine tonight
Our boys will shine
Our boys will shine tonight
Our boys will shine
Our boys will shine tonight
Our boys will shine
When the sun goes down
And the moon comes up
Our boys will shine — go team go
Oh, when the Hobart Brickies
Fall in line
We're gonna win this game
Another time
And for that dear old school
We love so well
And for that old ball team
We'll yell and yell and yell
We're gonna fight, fight, fight
For every score
We're gonna win this game and
Then some more
We're gonna roll those (opponent) on the
Side, on the side - Ro-o-o-ll Hey!

WHAT FOOTBALL IS

What's a football hero?

The boy who goes to practice every day, then sits on the bench, just proud to wear that helmet.

The boy who gets "cussed" out by the coach, then sees others get a pat on the back.

The boy who gives "all" and sustains bumps and bruises, with no glory.

The boy who works for his "team" and gets along with all the other guys.

The boy who doesn't need his father to call on the coach.

The boy who doesn't read his name in print to see his picture in the local papers.

The boy who swallows that lump in his throat and says to himself "That's football."

The boy who won't go to college on a scholarship but becomes a man for his part in football.

And the Mom who keeps supper warm, washes those dirty uniforms and shines that helmet!!

The Dads who feels the pain and disappointment and gives his son encouragement to "follow through."

To all these boys, a tribute. You make football what it really is--a game growing up.

VECON MAGNETITE™ Windows

Patent Pending

GO "ALEX"

TWICE AS EFFECTIVE AS ALUMINUM STORM WINDOWS . . .

at a fraction of the cost!

The **VECON** Magnetite window is a revolutionary new inside storm window that attaches magnetically and seals the cold out just like your refrigerator door seals the cold in. The Magnetite double-glazed insulating system far surpasses traditional storm windows, doubling the resistance to conductive heat loss and eliminating air infiltration.

The Magnetite is easily installed on any type of existing windows with or without old storm windows.

THE UNDEFEATED

The locker room is deathly quiet, as I sat rubbing my numb and bruised hands. It seemed like an eternity since the final gun had sounded, ending the grueling football game. Actually, the game had ended only a short hour ago. I caught myself staring at the chalkboard in front of me. Written on it was the line-up, which would mark the beginning of another season. I regained reality only to find the pain again. I looked down and eyed the wounds on my shins and thighs. The blood had dried to form scabs over the cuts and spike marks. The bruises were just beginning to show themselves, as tight muscles began to relax. Then the real pain began appearing, more tense and real than any other hurt. It was nothing any doctor could cure. It was an amotional and spiritual pain. The crowds' jeering questions began once again entering my mind. Why didn't you do this or that was all I could hear. They could never guess or imagine the suffering experienced in preparation of the game. Gallons of sweat poured from our bodies three times each day of practice. Nobody ever left the fields without leaving part of his blood behind him. Even tears were shed from the hurt. Yet, as I headed out the now darkened locker room, I knew that I'd be back again. I'd keep coming back again and again, until I had won the final victory. You see I'm the UNDEFEATED.
